of
The University of Scouting
Arts
cordially invites you to
USA XIII

The Premise of USA - Scouting's Premier Adult Education College invites you to spend the last weekend in April honing your skills as a Scout Leader. This is an alternative education program offering courses you will not find at any other venue in Scouting. From the basics to the very technical, we approach our educational program with enthusiastic idealism, years of on the job experience, and a deep commitment in offering you the very best in Scout Leader Training. Best of all, University of Scouting Arts is based on a single premise. **Scouting must be fun.**

The Structure -The **College of University of Scouting Arts** offers Bachelors, Masters, Post Graduate, and Doctorate Degrees. There is a basic core studies for each Degree along with a selection of Elective Courses. Each year, several new experimental courses are added to the curriculum. The result is a steady influx of new and interesting subjects relating to you the Scouter.

Extracurricular activity - We start the entire weekend with a great Friday Night **Game**. Saturday night is action packed featuring the **Best Campfire Program** in South Florida followed by a **Cracker Barrel**. You'll have time to meet and enjoy fellowship with Scouters from all over Southwest Florida Council.

USA XIII
